

**Computer Lab Teaching  
Control Software  
and LANGUAGE LAB**

- **Screen-Sharing Activities** allow a Teacher to see Remote Student Screens, either one-at-a-time or in multiples.
- Interactive Teacher Environment provides teacher control of what the student is watching.
- Share Teacher, or student, presentations with other students.
- **LOCK Student Screens with a BLACK screen** so that the students must pay attention.
- Private Messaging and Chat allow maximum communication with a unique sensitive and secure activity.
- Start partially complete documents on the student computers and **let them finish the work.** **HOMEWORK COLLECTION ACTIVITY!**
- Provide a controlled **WEB** surfing environment that allows you to determine what sites the students can access and also controls when you want them to “just watch” as you present information.
- **Audio Recording and AP-TESTING Collection Activities**
