### Computer Lab Technology Software Across the School System

#### Career and Technical Education Classes Get New Software

Contact: Jim Williams (jimwilliams@iss.k12.nc.us)

Computer Labs across the Middle and High Schools in this school system were equipped with **SANAKO STUDY 500** computer management software.

- Teachers are able to control Student Screen access and **model images directly on the student screens.**
- Web control is available on an individual, group or ALL basis, with **complete disabling of the INTERNET** as an option.
- See each student screen privately or all screens in one window.
- Distribute and collect files

This **innovative** software, with **no yearly subscription fee**, can be the key to your **STIMULUS** solution!
